REPORT THAT BERLIN WILL BE TREATED LIKE LOUVAIN BY RUSSIANS CAUSES SCARE

Great Battle May be Still in Progress at Croisilles—French Claim Success at Guise—British Transport Working Splendidly and Spirts of Allies Troops Excellent—Stated that Publishing of Casualty Lists, Complete in Germany is Prohibited Since Last Big Engagements—Former Premier of France of Opinion That Paris Cannot be Invested.

BULLETIN—London, Sept. 1.—(12:20 p.m.)—"The Anglo French army corps have had to give ground but nowhere have they been broken through," is the statement given out at the French embassy in London today.

This announcement is a summary of that part of the official communication of the French war office referring to the German attack on the French left wing made public in Paris last night.

French Success at Guise.

London, Sept. 1.—(5:47 a.m.)—The Times correspondent at Dieppe sends the following:

"I have just returned from the Amiens district to send this despatch. A great battle has been fought at Croisilles and probably is still in progress.

"The French claim a success towards Guise but south of it and all Saturday there was heavy fighting.

"On the left I knew cannonading was still going on at noon Sunday and that at 5 o'clock Sunday afternoon there were no Germans in Amiens.

"Whether as some declare, the lines between Amiens and Boulogne have been cut I do not know."

Germans Living on Horse Flesh.

London, Sept. 1.—A Times despatch from Paris, speaking of the fighting in the north says:

"Throughout the fighting of the last few days swarms of aeroplanes have circled in the sky.

"The enemy's supply arrangements are reported to have broken down, their men in some cases subsisting on the flesh of horses. The British transport is working admirably. The spirits of the Frensh and British troops are excellent."

Alarm Prevails in Beriin.

London, Sept. 1.—The correspondent of the Express telegraphs from the Hauge saying:

"There is the greatest alrm in Berlin over the advance of the Russian troops. The news that the Emperor has left the western headquarters and moved to the Russian front has shown the residents of the capital where the immediate peril of their safety lies.

"A story has been circulated that the Russians are preparing to avenge Louvain by treating the city of Berlin in the same way as the Germans treated that city. Many of the populace who can get away are going to Norway, Denmark and Switzerland.

"In connection with the siege of Liege, it is told here that the German artillery experts, after vainly trying every type of field gun at their command against the forts, sent to the Krupp factory for a new fourteen inch naval gun, which was set down four miles from the nearest Liege fort. The first shot fired from it hit the officers' mess house inside the Belgian fortification killing 125 men."

Casualty Lists Not Complete.

London, Sept. 1.—(3:55 a.m.)—The Mail says that the German military authorities have forbidden the publication of further casualty lists in the newspapers. The local newspapers are allowed to publish casualties of purely local interest from the lists posted in the offices of the local administration.

The Cologne Gazette on Saturday contained only a few names of soldiers belonging to local regiments. These form part of the thirteenth casalayt list. Only 12 complete lists have been published and these concern only the fighting which occurred before the large engagements. It appears, says the Mail, that the enormous casualty suffered from the English are being carefully concealed.

"Germans Cannot Invest Paris."

London, Sept. 1.—(3:40 a.m.)—Engene Clemenceau, former premier of France, is quoted as saying, by the Paris correspondent of the Mail:

"We are fighting for a great cause which is worthy of great sacrifices. We knew our frontier would be invested somewhere. We are still resisting and have many troops in reserve for the big battle which will follow this one. The Germans cannot invest Paris. Its size is too vast."

Germans Evacuate Aerschot.

London, Sept. 1.—A despatch to the Reuter Telegram company from Antwerp, gives the latest official communication issued there. It says:

"The situation throughout the country is stationary. The Germans have evacuated Aerschot and railway communication has been restored over the greater part of the Campine country.

"Malines was bombarded for an hour, although the town was not occupied by Belgian troops. This was a fresh crime against the civil population."

A despatch to the Post from Antwerp says that the Germans have evacuated the province of Antwerp, presumably as part of their scheme for the withdrawal of unnecessary troops who will be used to replace those taken for service against Russia. Part of the forces in the province of Limberg have also been withdrawn.

FAMOUS BATTLE OF SEDAN FOUGHT 44 YEARS AGO TODAY

Anniversary of disastrous conflict again sees France in Struggle.

Today, Tuesday, is the 44th anniversary of the battle of Sedan, the disastrous conflict of the Franco-Prussian war of 1870, which ended in the capture of Napoleon III, emperor of the French, and of the French of the entire French army under Marshall MacMahon. In that battle, the most decisive of the great struggle of 1870, the Germans captured in addition to the emperor, the French, 39 generals, 230 staff officers and 83,000 men. The fortress of Sedan was the center of the struggle. The surrender of the place after investment by the Germans who had occupied the surrounding heights and whose artillery placed in splendid positions raked the French into submission and surrender.

WRIGLEY DOES NOT STOP FOR BIG WAR

Going Right Ahead With Large New Building in Toronto.

BUSINESS KEEPS GROWING

More Room is Needed to Turn Out Famous Spearmint Gum.

Toronto, Sept. 1.—Work has been stopped on many buildings pending a settlement of the war, but the Wm. Wrigley Jr., Company, Limited, manufacturers of the famous Wrigley's Spearmint, are going right ahead—and excavating is now in progress for the largest and finest chewing gum factory in the British empire, which will be built on Carlaw avenue. Such great advances have been made in the Wrigley business in the last four years that a large plant was determined necessary. So many improvements have been made in the process of chewing gum manufacture and methods of packing, such as air-tight wax wrappers, that special construction will add much greater efficiency. The building is to be an all-steel concrete and brick structure of the best known pattern, four storeys in height with quarter-cut oak trim.

The action of this firm in going along with its plans in spite of the war is commended by the Toronto newspapers —who appreciate the fact that it will keep busy many artisans who would otherwise be out of work.

Probably many of the Canadian volunteers will carry Wrigley's Spearmint to the front, as did the Greeks in their war with Turkey. The soldiers found it a great thirst quencher on long marches, and in battle the gum served the same purpose, as well as steadying them under the nerve racking strain.

LACOMBE EXPERIMENTAL FARM SHOWS VARIETY OF PRODUCTS CAN BE GROWN

If one may judge by the exhibits made at the Lecombe fair by the dominion experimental farm near there, the lime is not far distant when apples and bees will be products raised in Alberta as hay and oats are now. Crab apples and honey were shown this year and created a good deal of attention. Two hives of bees were shipped from the experimental farm at Brandon, Man., last spring and others raised on the farm consists of 500 acres and has 21 farm. The Lacombe experimental horses, 100 cattle, 40 hogs and 30 sheep. It is evidently kept in a model condition. Among the garden products raised this season were strawberries, raspberries, currants and gooseberries, all yielding splendidly.

Severe Storm in England.

New York, Sept. 1.—The Western Union cable offices at Penzance, England, reported to the New York office tonight a severe storm had been raging for several hours along the coast of England, seriously crippling wire communication between Penzance and London.

WOUNDED BRITISH SOLDIER TELLS OF AWFUL SLAUGHTER

Germans Allowed to Come Close When They Were Practically Annihilated.

WITH YELL AFTER YELL THE ENEMY WAS CHARGED

More Than Half Prussian regiment Left Either Dead or Wounded.

London, Sept. 1—The following story of the fighting near Mons was told to an Express correspondent by one of the British wounded who was brought here Monday:

"We had left the shelter of a little forest and opened out, supported by the north country regiment. Our colonel warned us that the German infantry was advancing. "We had hardly extended ourselves prone along the grass when patches of blue and green were seen on the skyline, and soon battalions of the enemy were made out following each other at regular intervals.

"Our battery let rip and gouged holes through them. "Bravo" shouted my platoon commander as he watched through his glasses, "Now the order was given to fix bayonets before the enemy arrive. The artillery fire had increased until it had become an inferno. German aviators were directing their guns and at times we fired on the aeroplanes but our shells were ineffective. Our poor gunners had an awful time as the German cavalry got around behind us, and charged right up to the guns. Very few of the Germans escaped, however, for whole platoons rushed to the rescue, emptying their magazines as they ran.

"A moment later the Germans were on us from the front. We let them come until their breasts rose above the neighboring hillocks, and then decimated them. They fell back in confusion and dropped to the ground.

"Another line came which we treated the same way. Scores of machine guns were turned on us however, and we were ordered to prepare to charge.

"On the word of command to charge we sprang from the ground as one man and with yell after yell charged the advancing Prussians. As we neared their ranks we fired indiscriminately and only a few remained to cross bayonets with us. The remainder rushed off and were soon out of the back as they went. They left more than half their regiment on the field in killed and wounded."

CHAMPS ELYSEE NOW DARK AT NIGHTS TO PREVENT AIR RAIDS

Paris, Sept. 1.—Le Temps says on the subject of aeroplane raids on Paris:

"Paris will know how to reply by silent stoicism and calm resolution to the effort at intimidation with which the Germans are attempting to stir the capital, that they know is impressionable, but of whose unfailing resources of patience and will they do not know."

It is believed that while the French are progressing on the right in Lorraine, the Germans are gaining ground on the left, with the result that there has been a large crop of rumors and a pronounced exodus from the capital, particularly to the south.

As a precaution against the German raiding aeroplanes all the electric lights which have made the Champs Elysee and the boulevards brilliant, have been extinguished.

CALDER ANNEXATION TO COME BEFORE COUNCIL

A report will be presented to the city council Tuesday night regarding the findings of the committee appointed to look into the matter of the annexation of Calder to the city. The committee that has had the matter in hand is composed of Aldermen Smith, Douglas, East and Clarke, for the city, and W. S. Beggs, D. M. B. Ormond, F. J. O'Toole, S. Irvin and Dr. Halliday, representing Calder. The points to be considered are the extension of utilities on the same basis as to any other part of the city, that the assets and liabilities be taken over by the city, and that the city solicitor should advise as to whether or not Calder must give over five per cent. of its area to park purposes.

SOCIALIST EDITOR PROTESTS AGAINST "ROUGH STUFF"

Inhuman Treatment of Enemies is Criticized by Berlin Paper.

PEASANTS FIGHTING FOR HOME AND CHATTELS

Warns Germany Against Putting Their Struggle in a Wrong Light.

London, Sept. 1.—In very guarded, but sufficiently strong language, the Berlin Socialist paper, Vorwaerts of August 23, in a leading article headed "Our Enemies," protests against "The inhuman treatment advocated by certain military journals in Germany against the civil population in Belgium and France, who are attacking the invading army."

"It would seem that the German press was circulating numerous harrowing stories of alleged atrocities committed on German troops by civilians in the two countries named, and that this supplied certain newspapers with a pretext for clamoring for retaliation.

Vorwaerts first points out how little the stories can be relied on, since they all come either second or third handed or are written under excitement. Then it says:

"Nor must we forget that in every peasant, man and woman, who is shooting at our troops from behind, there lives the sentiment that he is defending his home and chattels. We refer to the law of April 21, 1813, obviously still in force, by the Prussian landsturm. According to it, if the landstrum is called out it has to wage a struggle for the national defense in which all means are allowed.

"The mission of the Landstrum is to bar invasion to keep the enemy always on the run, to capture his ammunition for the troops; to destroy his hospitals; to carry out nightly attacks upon him, and the law expressly prescribes that the landstrum should wear no uniforms, as they would render it more easily discernible."

The scoialist paper warns against "putting our struggle in a wrong light in the eyes of all the world," and calls upon the members of the working class who are fighting at the front to remember "their brethren on the other side and to behave toward them in a chivalrous manner."

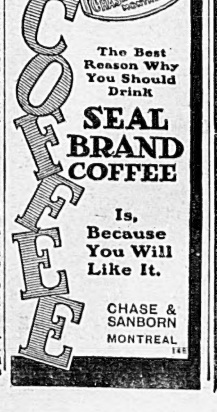

EXPERT REASSURES THOSE WHO MAY BE FRIGHTENED AT INVESTMENT OF PARIS

Paris, Sept. 1.—Lieut.-Col. Lonce Rossel, the military critic, writing for his paper, the Petit Parisienne, reassures those who may be frightened by the possible investment of Paris.

He declares first that in 1870 the capital was held for nearly five months under conditions much different than those of today. Second, the Germans had a free disposition, at least as far as Nanteuil-Sur-Marne, on the Strasburg-Paris through railroad lines, while at present they have not yet been able to touch the eastern fortified frontier and have been driven back at Mortagne, north of Valenciennes. Their sole line of communication, which passes by Belgium is at this point so precarious that it can be destroyed in a moment. The investment of Paris, he declares, if it should occur, would be nothing but a bluff, and would soon be interrupted.

French Colony Enthusiastic

Sydney, N.S.W., Sept. 1 (via London, 5:35 a.m.)—A copy of a newspaper published in Noumea, capital of the French colony of New Caledonia, received here yesterday, says that enthusiasm prevailed there on the arrival of the French and British cruisers, the enthusiasm was doubled when the New Zealand expedition arrived.

BELGIANS TO VISIT AMERICA TO COMPLAIN TO WASHINGTON GERMAN REVERSION SAVAGERY

Latest Version of Wrongdoing After Zeppelin Exploit at Antwerp and Burning of Louvain is Siezure of Hundreds of Belgian Peasants and Forcibly Taking Them to Germany and Making Them Work in Harvest Fields There—Officials Indignant at Slavery.

London, Sept. 1.—Bringing a message of thanks for what England has done for Belgium from King Albert to King George, the commission of high officials appointed to visit America, and inform the people of the United States of the German atrocities, arrived last night. Today at noon they will be received the king to present a message from the king of Belgium.

They depart for America within a few days. Their plans are not fully made, but it is expected they will go to New York and thence to Washington.

The mission is entirely official and facts will be placed before the government at Washington. Although Belgium now contemplates no request for American action the feeling is that in view of the declaration of neutrality this would be improper anyhow. There is a secret hope that when the government and the American people learn the full truth about what has happened in Belgium there will be a spontaneous outburst of indignation which may bring some definite results. If it does not, the officials feel that by merely laying bare their facts it will have a splendid effect on the ultimate settlement at the end of the war.

The members of the mission make no effort to conceal their intense indignation, being unable to find words sufficient to express their bitter condemnation.

The latest phase of German wrongdoing coming after the Zeppelin exploit at Antwerp and the burning of Louvain and other cities, is the German seizure of hundreds of Belgian peasants, forcibly taking them to Germany, where they are forced to assist in harvesting.

Count de Lechtervelde, secretary of the Belgian prime minster and secretary of the American mission, commenting upon this phase, said last night:

"It is a return to savagery. Our people are being made slaves and forced to work in German fields. It is what they did in the dark ages."

He also said that the story which the mission carries to America is a horrible one. He added that Belgium is not looking for sympathy but only wanted the full truth of the German atocities known. The commission consists of Carton de Wiart, minister of justice, Mons de Sadeler, minister of state, Emil van der Velde, social leader also head of the International Socialist bureau, Paul Hyman, leader of the liberals. All the men are of the highest standing in Belgium. If accommodations are procurable they will sail for New York Wednesday.

British Tars During Naval Fight Throw Many Live Shells Overboard

London, Sept. 1.—The Harwich correspondent of the Telegraph gives interviews with the wounded in the recent naval battle, and speaks of the plucky way in which the English handled live shells. Many of the German shells which made hits, it appears, did not burst.

"There were five shells in the boiler of one of the destroyers," he quotes one of the sailors as saying, "and if one had burst it would have been all up with the ship." "What did you do with them?" he was asked. "Oh, just shied them overboard. There was no room for such rubbish aboard our yacht."

The Germans also showed considerable grit, it is declared. As one of the cruisers was going down with decks aflame and the flag and mast shot away the only man left in the forecastle hoisted the flag and then went down with the ship. Proof that some of the Germans were shot by their own officers, the correspondent says, is given by one of the wounded Germans landed at Shotley, who has seven revolver bullets in him which he could only have come by one of his own ship.

What the Theater Press Agents Say

PLEASING PROGRAM AT PANTAGES THIS WEEK.

"One of the best bills in weeks." This was the verdict of the Pantages audience Monday night, for quite truly have they a very fine program to usher in the first week of September. The bill is one of much music and mirth, practically every number having its own fine humor and laughing spells.

The leader in this funny side is perhaps Lechart and Laddie, comedy acrobats, in "A Brave Attempt at Suicide." This is a rich, rare, foolish act, but very clever.

Announced as "Vaudeville's classiest trio," the Rosedell singers live up to expectations, with exceptionally fine musical numbers, all three voices blending beautifully, each is a soloist worth hearing.

Something unique, and undoubtedly an act that required long, hard work and skill to produce, is Klein's mechical reproduction of the steamer Titanic, from her days in Southampton harbor to the last moment of distress.

One of the oldest teams seen locally that is, with the greatest variety in their amusement lines, is the Saunders and Von Kuntz pair, in a little bit of nonsense called, "A Travesty in Slices." This team provide many laughs during its 20 minutes of hilliarious glee and struck the right note with Pantages patrons last night.

Teddy McNamara and company in a musical comedy tabloid, "The Guide of Monte Carlo," are billed the big number on the program, but furnish no more amusement than any of their predecessors. The skit is light and breezy with plenty of song and mirth, and the usual run of general mixups that attends Teddy and his crew.

A splendid picture film of the world's latest news adds much to the opening of the program.

"THE AMAZONS," CREATED FOR LAUGHING PURPOSES ONLY.

Director Theodore Johnston, of The Players, who are to appear at the Empire theater the last half of this week, was in New York and sadly in need of an evening of relaxation after some arduous weeks of organizing his company for a road tour. Someone directed his attention to the fact that an English play by A. W. Pinero was running strong at the Lyceum theater, and likely to break the English record for a long run. Knowing that he would inevitably be called on to direct "The Amazons" at some future time, he proceeded to the Lyceum and enjoyed this merry fantastic comedy more than any other play of its class he had directed or seen. That was, apparently, the sentiment of New York audiences, for the Lyceum was crowded for 19 weeks. The forthcoming presentation of "The Amazons" at the Empire will be directed by Mr. Johnston in person and the scenery will equal that of the original production, one especially lovely setting of pastoral England receiving much atention from his staff, of life, morality, sociology or psychology. "The Amazons" is constructed for laughing purposes only, and fulfills its mission. Those who are fond of an evening of clean amusement, of smiles and laughter, will do well to see the fine performance of "The Players" at the Empire on Thursday.

LYCEUM PLAYERS MAKE HIT IN "SHERLOCK HOLMES."

Crammed with action as it is from start to finish, and each role taken in a masterly manner, it is no wonder that the Lyceum players scored another hit last night in Sir Arthur Conan Doyle's Sherlock Holmes. Although the play has been going the rounds for many years and the story is known by practically everyone, still it never grows old, and Edmonton theatergoers could not do better than pay a visit to the home of the stock players some night this week to get relieved for a while at least of the troubles consequent on the present world crisis.

Edward Henrn makes a convincing Sherlock Holmes. He is built for the role, and there are lots of opportunities for him to display his undoubted cleverness. Of these opportunities he misses none, and the flattering reception he received was by no means undeserved.

The role of Miss Faulkener, taken by Miss Grace Johnston, gives that charming lady a chance to display her charms and excellent acting to an audience that is always sympathetic and enthusiastic when she appears on the stage.

William Yule usually has a role where he is liked by the audience, but as Professor Moriarty he demonstrates the fact that he can take the part of the man who is hated just as well.

Miss Margaret Marion and Miss Florence Darling in their respective parts, were also wonderfully good, as was also Edward Tiese as Dr. Watson.

It is hard to say in which H. H. Gramme was best. As the crook he was convincing, while he drew many smiles as Billy, Sherlock Holmes' servant.

There was a packed house, and the chances are that there will be all week, for it is a long time since a better show has been staged in the city.

A Russian has invented a floating storehouse for fuel and other naval supplies which can be sunk out of sight in the sea at the approach of a foe.

Samuel Irwin, of Three Rivers, Mich., weighs 472 pounds.

BAUMLINE'S ORCHESTRA AT EMPIRE THEATER.

Under the new management into which the Empire theater has passed, and with the coming of "The Players" here and Calgary, an improved orchestra service will be the vogue. The improvement was noticeable at the presentation of "Omar, the Tentmaker," last week; so much so, in fact, that a local paper made mention in its comment of the production of "the traveling orchestra." It is not a traveling organization, however, but will, it is announced, be a permanent feature at the Empire. It is led by W. Baumline, who has created a very favorable impression for himself and his organization by the playing at the Selkirk hotel during the past few months.

FUNNY BUNNY IS AGAIN PLEASING AT THE EMPRESS.

Photoplays of excellent entertaining quality make up a very well balanced two-day program at the Empress theater. "The Song in the Dark" is the feature film offering and tells a story of strong appeal, touching upon the finer qualities of mankind. It is the kind of picture that will reach everyone and makes one feel better. No small wonder that it was one of the few moving pictures chosen to be exhibited at the movie exhibitors association convention in New York recently.

John Bunny—smiling, rotund, funny Bunny—together with Flora Finch, appear in a riotously funny comedy. Although it is all a dream it is worth knowing.

The other pictures are good and complete a most entertaining program. The music accompaniment on the large pipe organ throughout is most appropriate and pleasant. Tuesday is the last time that this program will be shown.

TONIGHT REAL BABY TO BE GIVEN AWAY AT BIJOU.

A living, breathing, jumping, squealing baby is the most novel and surprising prize that the Bijou management gives away free tonight in the "Country Store" that is held every Tuesday night at that theater. When the announcement was made in the Saturday papers that a live baby would be given away the word was on everyone's tongue expressing astonishment that such an unusual and unheard of thing would be put on, but it's true the genial manager of the Bijou assures everybody, and tonight he will show the proof of it, he says. The lucky holder of the winning ticket gets it and takes the baby home with him or her. Besides the baby 30 or 40 other prizes will be give naway.

Yesterday the motion picture program was shown for the first time and a number of the films exhibited are deserving of note. "The Siege of Calais" is a strong, impressive battle picture, said to have been taken on the plains about Calais, where doubtless even a decisive battle of the present struggle will be staged, for Calais is a most strategic point and has always figured prominently in practically every war waged in eastern Europe. The entire two reels are beautifully colored and add to the vividness of the portrayal. It is an excellent movie that will stir one feelingly.

"The Mystery of the Talking Wire" is another of the pictures that was exhibited and, together with "The Siege of Calais," will be shown tonight also. It is a detective story, well constructed and well acted. The scenario is adapted from the "Chronicles of Cleek Mysteries" that recently ran in a popular magazine with such success.

SAYS AUSTRIANS RUN TERRIBLE RISK WHEN THEY CROSS VISTULA

London, Sept. 1.—Commenting on the action of the Austrians in crossing the Vistula apparently with the intention of joining hands with the army engaged in the province of Lublin, the St. Petersburg correspondent of the Times, says:

"By placing the Vistula between themselves and their base at Cracow, the Austrians are running a terrible risk. We must conclude that the aid is urgently needed in Lublin where, according to the headquarters staff, desperate fighting has been in progress for nearly a week.

"Colonel Shumsky, military critic of the Bourse Gazette, commenting upon the Imperial consequence, states that instead of attending to their design of outflanking the Russians marching upon Berlin, the Austrians themselves are compelled to retreat to defend Galicia.

GERMAN AIRMAN SHOT AS SPY; WAS FRIENDLY WITH PARIS CONFRERE

London, Sept. 1. (4.45 a.m.)—A Times correspondent despatch declares that the German emperor and several high German officials are selling their English and Russian orders and turning the proceeds over to the red cross fund. The German press confidently predicts that their troops will be in Paris on September 2. A Danish subject is reported to have been shot as a spy at Hamburg, together with an English clergyman who lived with him. It is alleged they established a wireless station on the roof and intercepted several messages going to German Fley Keil and Wilhelmshaven.

The well-known German airman Helmuth Hirth, the despatch says, was shot Sunday as a spy in Berlin. He was suspected by the officials of friendship with Roland Garros, the French airman, to whom he had written after the outbreak of the war.

London, Sept. 1. (4.30 a.m.)—The Daily Mail Amsterdam correspondent wiring yesterday says he has received information from a reliable source that heavy artillery for Namur forts was ordered long ago from the Krupps, but that the Germans postponed delivery.

LIEGE COMMANDER PREFERS DEATH TO GIVING UP FORTS

When He Saw Further Resistance Impossible Ordered Place Blown Up,

WAS ONLY WOUNDED AND CAPTURED BY GERMANS

On Emperor William's Order He Was Allowed to Retain His Sword.

Paris, Sept. 1—(2.26 a.m.)—The Antwerp correspondent of the Petit Parisien, gives this explanation of the presence of General Leman, the Belgian commander at Liege, in Magdeburg as a prisoner of war:

"On Aug. 17 General Leman was summoned by the Germans to surrender the Liege forts. He refused but as the situation was then desperate and it was impossible to hold out against another bombardment, he called his officers together in Fort Loncin and said:

"You have valiantly fought for your country but the struggle has become impossible and it is foolish to try further. Nothing can be saved and the hour has come when we must separate. I have decided to die here. Loncin shall be my tomb.

"All the officers declared that they would still fight and die with their general. Again the cannon thundered and then those in the fort were silenced after which a terrible explosion took place. General Leman and his officers had blown themselves up. Alone of all in the fort General Leman survived and from the debris he was taken a prisoner to Magdeburg. It was on Emperor William's order that he was allowed to keep his sword."

WANTS ALL DOCUMENTS BETWEEN ENGLAND AND GERMANY BE PUBLISHED

Washington, Aug. 31.—Publication as a senate of the British "white paper" and the German correspondence relative to the declaration of war on Russia was proposed today by Senator Oliver, who has just returned from the zone of the European conflict. Senator Oliver declared that these documents furnished "the best available explanation of the European war." His request was referred to the foreign relations committee.

Dr. C. W. Eliot in called "the first citizen of Massachusetts."

MINERS THREATEN TO REVENGE THEMSELVES IF MILITIA SENT OUT

Butte, Mont., Sept. 1.—The populace of Butte waited with uneasiness today any word as to whether Governor Stewart would send for the militia, mobilized at the state capital, to put down the miners' disturbances here. This nervousness was felt particularly in the business district, for leaders of the miners were credited last night with saying that if troops, state or federal, came to Butte, they would revenge themselves on the businessmen and leave the city in ashes.

Other leaders of the infuriated miners who broke from the Western Federation of Miners and formed a new organization were credited with violent attempts, which have given rise to the apprehension that dynamite may be used by some of them in the city as it has been used already at the property of the Anaconda mining company and the Miners union hall.

THE PREPAREDNESS WHICH INSURES PEACE

That peace is insured by preparedness for war has been the contention of the militarist cult throughout the centuries. How completely is that delusion shattered.

Europe was prepared as never before. Germany was most prepared of all. Her children had been brought up in the belief that preparedness for war was necessary to existence. Years were taken out of men's lives to prepare them for war. All industry, commerce and wealth had been levied upon to maintain this preparedness. But preparedness having reached its maximum, war came because the despots who had caused this preparedness felt that the time had arrived when they must justify themselves. Peace, in which Germany was growing great, offered no justification. They must have war. Preparedness brought not peace, but war.

Peace is to be found not in preparedness for war, but in preparedness for peace. Peace-loving nations must combine to proscribe as outlaw those countries which persist in the maintenance of the equipment of war and to hang the despots who incite the world to war. By international agreement warships must be sunk, armaments melted down, arms factories razed, armies disbanded. Already the nations of the world have accepted the necessary principle by proscribing the individual pirate.

When the world has reached the stage of civilization that it views war lords and war nations as it now regards pirate captains and pirate crews, and the international law will hang them, the world will have become as safe against the war lord as it is against the pirate.

THE LESSON WHICH COSTS A MILLION LIVES

The ambition of Germany's war lord was to conquer the world. His dream was of a triumphant Germany ruled by a victorious Hohenzollern. Being a left-over from medievalism, he failed to realize that there can no longer be such a thing as a victorious war. Finance, commerce, industrialism, have become international. War is a boomerang which hits the nation that launches it. No nation lives by itself. Germany is learning this through the intensest agony. Her trade with Britain, France and Russia is paralyzed. Her harbors are besieged. Her merchant marine is forfeit or tied up. Her factories lie idle. Her harvests stand in the field. Her millions have been taken from useful toil to engage in the wasteful business of war. In one month she has done more damage to herself than could be repaired by decades of peace. She has destroyed in human life and in material things her most valuable assets. In the finish she will probably destroy in revolution the autocracy which has brought about this visitation, which has squandered her patrimony, demolished the progress of her scientists, inventors and artizans and invited the Cossack horde to roll the juggernaut of war over her cities and plains.

But history has a way of marking her epochs. The inexorable law of evolution works ever upward toward the triumph of democracy. The things done to stop it promote it. The horrors perpetrated in the highways and lanes of France and Belgium teach men to the corners of the earth the worthlessness of despots and the uselessness of war. This is the lesson, though it cost a million lives.

WAR SENDS HOMESTEADERS BACK TO THE LAND

One effect in Alberta of the war will be to send people back to the land and to promote the settlement of more land.

It is in times like these when prices rise and work in the cities becomes scarce that the thoughts of many are turned to the farm where, except in the case of unusual visitations, such as drought or flood, the food question does not arise.

In the city of Edmonton, as is well known to everyone acquainted here, there have been during the last few years many families which have given up farming and the attempt to establish a home in the country to come to the city where there was not the loneliness of the farm, where the lights burned bright on the thoroughfare every evening and where a man with a team or two might earn as good a living with greater social advantages for his family than he could expect in a scattered farming settlement.

But when business and construction in the cities slow up there is a more vital question brought in—the question of ham and eggs, corn beef and cabbage, the question of the eats. This problem is much more easily solved on the farm than in the city.

Already several hundred homesteads to the east and south of the city, which have been tenantless for the past few years, are again occupied. There will be more, and, as prices advance, it will be well for those who have farms to go to that they have them.

THE CENSORSHIP UPON ACTS OF VALOR

Premier Asquith in the house of commons, by announcing that provision is being made for the more adequate dissemination of news, admits that the rigidity of the censorship has been too severe.

The war office, in establishing such a rigid censorship, has evidently been going on the theory that the emission of news of any character cannot help the allies. But in this it overlooks the fact that the enthusiasm for military service is founded very largely upon the effect of the recitation of stories of valor upon the field of battle. Byron said a hero was a man who got shot in a ditch and had his name miss-spelled in the Gazette, or words to that effect. But the war office is denying even this much publicity, which will undoubtedly have the effect of curtailing enlistment.

There is not much glory to the soldier in a war the exploits of which are suppressed.

DISGUISED TRAWLER LAYING MINES SUNK IN THE NORTH SEA

Stories that Vessels Flying Neutral Colors at Work is Confirmed

COMMANDER GIVES CREW THREE MINUTES TO LEAVE

Cruiser Then Rams Offending Boat, Cutting Her in Two

London, Sept. 1.—In confirmation of the story that mines had been laid in the North Sea by vessels disguised as neutral fishing boats, a woman who arrived at London from Bergen tells of the sinking of such a mine layer by a British cruiser. The ship on which she was traveling found itself close to a number of British cruisers, one of which had caught a German trawler flying the Norwegian flag and engaged in laying mines. According to this woman, the British commander gave the crew of the trawler three minutes in which to leave their vessel and they tumbled over the side of the passenger ship. Then the cruiser backed up a bit and rammed the offending trawler. The second attempt to cut her in two was made, which sent her to the bottom.

GERMANS MAKE ANOTHER EXCUSE, TRY TO JUSTIFY DESTRUCTION OF LOUVAIN

London, Sept. 1.—A Copenhagen despatch to the Times says that the difficulty to justify the destroying of Louvain is shown today by the publication of a new version.

Different from the former and apparently equally untrue, it is now said that the inhabitants, finding only one battalion of reserves and a transport column in the town, formed the impression that the Germans were evacuating the town. Thereupon the troops served ammunition to the people whereupon the approaching Germans from all sides, were fired upon, wounding many. The German patrol wagons were also attacked. Twenty hours of street fighting followed and as a result part of the town was burned. The previous version had said that the attack was deliberately devised by the Belgian authorities to synchronize with a sortie.

MEXICO AGAIN RAISES ENOUGH CASH TO START A BRAND NEW REVOLT

Vera Cruz, Sept. 1.—The commanders of the gunboats Bravo, Zaragoza and Progresso have agreed to assist in the fight against Carranza. It is learned here that more than 20 exgenerals, including those already in the field, have made overtures to General Villa regarding a coalition. It is intimated today that these have been successful and that twenty million pesos have been subscribed to finance the new revolt.

PEOPLE IN NORTH ARE BEHIND IN WAR NEWS

D. S. McDonald, of Victoria, arrived in Edmonton Monday from an extended trip into the north country during which he went as far as Fort Mackay.

"I left Fort McMurray August 13, and up till then no word of the war had been brought in. We learned of it nearly a week later from one of Colin Fraser's men at Grand Rapids." Speaking of conditions in the north country, Mr. McDonald stated things were very

"There are a large number of oil men good.

in there from California and other outside points," he stated. "At the Athabasca Oils company, limited, No. 4, which is down about 300 feet, active drilling is being pursued in Well They have 144 feet of oil."

Speaking of this, Mr. McDonald remarked that in three of the wells, the oil bearing strata showed practically the same. In the other three wells the strata being from 143 to 153 which goes to bear out the drillers in the belief that a great lake underlies the territory. River transportation is extremely active both at the Hudson's Bay company and others.

STATED GERMAN LINES NOW OPEN FOR TRAFFIC

Copenhagen, Sept. 1.—Official German papers state that the railways are open again for ordinary traffic. The subjects of belligerent powers will be permitted to leave Germany if Germans in other countries are given the same permission, but as Germans in Russia liable to bear arms will not be allowed to leave, Russians liable to bear arms have also been forbidden to leave. Russians leaving Germany will go home via Denmark and Sweden and the German government says it will do everything to facilitate their journey.

Chile last year produced 1,400,000 tons of coal.

NEURALGIA SETTLED IN HER LUNGS

No Relief From The Pain Until She Took "Fruit-a-tives"

CAMPBELLVILLE, ONT., MAY 5th, 1913.

"I cannot speak too highly of "Fruit-a-tives". For over thirty years, I have suffered from chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottles of medicine without relief. The doctor told me I would not get better but "Fruit-a-tives" proved that the doctor was wrong by giving me quick relief and finally and completely curing me.

"I would not have my present health if it were not for "Fruit-a-tives" and I am glad of this opportunity of giving you this letter about such a splendid remedy as "Fruit-a-tives".

CALLIES AND DAIRY PLAY GAME TO DRAW

First Charity Shield Contest is Hard Contest—Score One All.

Edmonton City Dairy and the Caledonians played to a tie last evening in the first game of the Charity shield competition, at the call of time the score standing one to one.

A fair sized crowd was present, the majority of them, evidently being City Dairy rooters, as evinced by the applause which followed, whenever that team gained a momentary advantage.

After kick-off, play was fairly even for the first fifteen minutes, and there was little to choose between the teams. Then in a rush in front of the Callies' goal, the Dairy boys succeeded in registering the first tally, McLusky doing the trick.

Spurred on by the disadvantage they were laboring under, the Callies pressed hard, and it was only a few minutes later than Bilsland equalized matters by a shot which beat Stockton. At half time the score stood one all.

In the second period the Callies started off strong, and for a time they gave Stockton a lively time of it, but he stood the bombardment well, and then the Scotch attack seemed to lag. From then on the advantage seemed to rest with the Dairyites, but setting work by the Scotch defence prevented them from gain nothing. When time was called it was getting rather difficult to follow the play on account of the darkness.

Collier and Kinsman put up a strong game for the Caledonians, while Palmer was very effective for the City Dairy. Both goalies were good.

The teams lined up as follows:

Edmonton City Dairy—Stockton, Lindsay and Palmer; Patterson, McCafferty and Sprittles; Ewann, Tait, Silcox, McCluskey and Taylor.

Caledonians—Parker; Kinsman and Hunter; F. Thomson, W. Whitehead and Cowan; Collier, Bilsland, Tod, Spence and Davidson.

Refcree—E. V. Critchley.

CIVIC CRICKETERS LOSE LAST CONTEST

Northerners Win by 112 Runs Merret Leads at Batting.

The last league cricket match of the season was played on Saturday at the city park grounds, when the North Edmonton eleven defeated the Civics by 112 runs.

North Edmonton batted first and put on the very useful score of 149 runs, of which total Merrett contributed 85 and Argo 28. Merrett's inning was one of the finest exhibitions of batting witnessed this season. From the start he was never in difficulties with the bowling, his strong and darling strokes sending the ball to the bonndary time and again.

The Civics fared very badly against the bowling of Reeves and Mainman, Collier and Neate being the only batsmen to reach double figures. For the Civics, Gibbs took five wickets for 50 runs. Hirst two for 40 and Collier 1 for 14. For North Edmonton, Reeves took seven for 14, Mainman 2 for 20 and Merrett one for 0. The following are the scores:

North Edmonton — Simmons, 0; Copleststons, 8; Argo, 28; Merrett, 85; Prendergast, 15; Thomlinson, 0; Wood, 5; Turner, 0; Reeves, 1; Mainman, 2, not out; King, 0; extras, 5. Total, 149.

Civics — Collier, 14; Sohleet, 0; Ward, 0; Wormald, 1; Hirst, 0; Turner, 0; Chalmers, 6; Neate, 11; Gibbs, 2, not out; Ryan, 0; Tompkins, 6; extras, Total, 37.

EDMONTON LACROSSE TEAM IN READINESS FOR LABOR DAY GAME

The lacrosse boys are practising hard for their game with the Calgary team on Labor day, and they confidently expect to give the former Mann cup aspirants a hard run for the contest.

Manager Young had a good sized squad out last night, and he seemed to be well satisfied with the way they shaped up. The team will be picked from both the north and south sides, but as yet the line-up has not been announced.

Practices will be held in Diamond park on Wednesday and Friday evenings and a full attendance of players is desired.

DIRECTUM HANGS UP 2 WORLD RECORDS

Wins Syracuse Free-for-All and Equals Two-Minute Pacing Mark.

Syracuse, N.Y., Sept. 1.—Directum I., the chestnut stallion owned by Jas. Butler, New York City, and driven by Robert Snedicer, furnished the sensation of the opening day's program at the grand circuit races here today by establishing two new world's records and equalling the pacing record of 2 minutes established by William at Grand Rapids earlier this season.

In winning the free-for-all pace, valued at 5,000, Directum stepped the last two of three heats in two minutes flat. By pacing in two minutes in the third heat, Directum broke the record of 2.00 1-2 established by Star Pointer at Springfield, Ills., in 1897. The average time of the winner gives him the world's record of more than one heat.

The Messina (amateur) two-year-old trot, 2 in 3, value 2500; Eudora Speer, won; Native King, second; Denton Hale, third. Time—2:22 1-4.

Free-for-all, pace, 2 in 3; purse $5000; Directum I., won; Frank-Hogash, jr., second; Earl Jr., Third. Time—2:00.

2:10 trot, 3 in 5, the Onondaga; $2500; Marta Bellini, won; Star Winter, second; Brighton B., third. Time —2:05 1-2.

The Ka-Neh-No, three-year-old trot, 3 to 5; $5000 2:15; Lee Axworthy, won; W. J. Leyburn, second; Adbel M., third. Time—2:09 3-4.

2:13 pace, 3 in 5; 1000; Leila Patchen, won; Jenny Stanley, second, Major Woolworth, third. Time—2:03 3-4.

HEAD GOT BALD IN PLACES

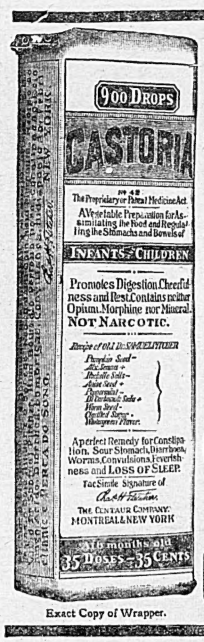

Very Itchy. When Brushed, Dandruff All Over. Hair Came Out in Great Bunches. Cuticura Soap and Cuticura Ointment Cured Head in Three Weeks.

15 Hallam St., Toronto, Ont.—"About two years ago the dandruff began. My head got worse and scabs formed on it which made it bald in places. It was very itchy and gave me a tendency to scratch it which made it worse. I always had to wear my hat whether in the house at work or out. Whenever I brushed my hair it sent the dandruff all over. The haircame out in great bunches until I was nearly bald and when it was at its worst it came out roots and all.

"I tried——which made it worse than before. I tried several things after that but they were no good. After nine months like this I had hardly any hair left when one day I happened to see the advertisement of Cuticura Soap and Ointment in the paper. I straight way sent for a sample. After first washing with the Cuticura Soap I applied some Cuticura Ointment and I could feel a great relief. After finishing the sample I went and got a cake of Cuticura Soap and a box of Cuticura Ointment. In three weeks my hair was cured my head." (Signed) H. Bern, May 16, 1913.

Cuticura Soap and Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them. A single set is often sufficient. Sold everywhere. For liberal free sample of each, with 32-p. book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

FRENCH SOLDIER SAYS GERMAN LOSSES 20 TO 1 COMPARED TO ALLIES

Paris, Sept. 1.—An officer who was wounded in an engagement in the north declares that without exaggeration the German casualties as compared with those of the allies bear a ratio of 20 to 1. This was due to the charges of massed infantry in an endeavor to break through the lines. The three-inch guns did execution terrefore unimaginable in the ranks that succeeded each other until the field was covered with dead and wounded.

Many Fatally Injured.

Grand Rapids, Mich., Sept. 1.—Many persons are believed to have been fatally injured, if not killed, shortly after four o'clock this morning, when the Grand Rapids and Indiana train No. 19, known as the "Northland Flyer," went into a ditch two miles north of Kalamazoo. It is reported that the entire train consisting of 12 coaches, left the track.

Weddings.

A pretty wedding took place on Saturday at the Anglican church of St. Mary's, Edmonton, when Miss Irene Tring Williams and Katherine Tardrew were united in matrimony. The bride, charmingly attired in white crepe de chene trimmed with lace, wore also a long bridal veil and carried a beautiful bouquet of white carnations. The bridegroom was attended by his friend, Wm. Brayley, and the officiating clergyman was Rev. A. E. Bailey, M.A., of the Mission house. The ceremony was fully choral and the church was packed with the many friends of the happy couple. Mrs. H. Lloyd, presiding at the organ, added the musical setting to a very impressive. The bride was given away by her father and presented quite a dainty picture as they walked up the aisle of the church. After the ceremony, while the strains of Mendelssohn's wedding march rang through the edifice, floral congratulations were showered upon the pair as they left the church at the conclusion of the ceremony.

This being the first wedding to take place in St. Mary's church, the usual custom was observed of presenting a Bible to the bride. This beautifully bound volume was the gift of the Women's auxiliary of St. Mary's church, and will serve as a lasting souvenir of a memorable occasion.

A family gathering was afterwards held at 11107 62rd street, Highlands, the residence of the bride's parents, after which the bride and bridegroom left by the 1.40 train for Wabamun lake, where a short honeymoon will be spent. On their return they will take up their residence on 62nd street, Highlands.

Mr. and Mrs. Williams were the fortunate recipients of a number of valuable presents, some of which were sent by friends in the Old Country.

The marriage of B. L. Beech of Edmonton to Miss Olga Schidek, Strathcona, was solemnized at Erskine manse Monday afternoon. Rev. J. E. Duclos officiated.

At Erskine manse Monday afternoon, Miss Isabella Robinson McIntosh, of Winnipeg, was married to John Dewer, Beaver Lodge, Alberta, by Rev. J. E. Duclos.

The marriage of Donald Boyd and Miss Jean Moore, both of Edmonton, was solemnized yesterday afternoon, in the First Presbyterian church, by the Rev. Dr. McQueen. Mr. and Mrs. Boyd will reside at Albany, N.Y.

At 8 o'clock on Saturday evening at the home of the groom's brother, Charles Wentworth, North Edmonton, the marriage of Geo. William Wentworth, to Miss Helen Cowan, was solemnized, by Rev. F. D. Roxborough, of the Highlands. The bride was becomingly gowned in white crepe de chine, while the bridesmaid, Miss Bessie Shaw, wore dainty white ninon. John Kay acted as best man. The affair, which took place in the presence of about a dozen friends, was altogether a jolly one.

A quiet wedding was solemnized at the home of Mrs. E. L. Misener, Lacombe, on Wednesday, August 26th, when her daughter, Lila Gertrude, and Dr. Percy Russell Talbot, son of Senator and Mrs. P. Talbot, were united in marriage. Only the immediate relatives and a few friends were present. The wedding march was played by Miss Winnifred Talbot, sister of the groom, and Rev. Thomas Powell performed the ceremony. The bride, who was unattended, wore a gown of ivory satin duchess and shadow lace, with pearl trimming and carried a shower bouquet of roses and lilies of the valley.

Following the ceremony a wedding breakfast was served. A large bride's cake centered the table in the dining room, and the decorations were a profusion of white, pink and mauve sweet peas and asters.

The bride travelled in a suit of mahogany whipcord, opening over a blouse of white lace, and a white plush hat with a mahogany plume.

After a short trip, Dr. and Mrs. Talbot will make their home in the Algonquin apartments, Garneau, Edmonton.

Mrs. Cowley Entertained

Mrs. Arthur Cowley entertained a dozen friends at tea hour at the Hudsonia, yesterday afternoon, in honor of Mrs. Holliday, of Minneapolis. Miss Wiesman and Miss Sarah Wiesman of Spokane, Wash., and Mrs. Mannering, of Ann Arbor, Mich.

Women's Alliance to Meet.

A meeting of the Women's Alliance of the First Unitarian church will be held at the home of Mrs. H. L. Seymour, 9737 87th avenue (Fifth avenue N.E.), on Wednesday afternoon.

STATUS OF ADRIATIC WILL BE DETERMINED BY NEUTRALITY BOARD

Washington, D.C., Sept. 1.—The status of the White Star liner Adriatic, of the British naval reserve, which reached New York Saturday with guns mounted and a small quantity of ammunition aboard, will be determined by the special board of neutrality of state and naval departments.

A telegram was received today at the treasury from Collector Malone, at New York, announcing the arrival of the Adriatic and saying that her captain declared the guns were carried only for protection and that the steamer would leave New York September 3.

SAYS ROTTERDAM MAN SAW LOUVIAN PEOPLE SHOOT AT SOLDIERS

Washington, Sept. 1.—The German embassy today received the following wireless message from the Berlin foreign office dealing with the burning of Louvain by the Germans.

"A Rotterdam newspaper correspondent was an eye witness of the attack by his population of Louvain on the German troops. Snipers shot with mitrailleus killing an officer of the general staff, who was found later with his throat cut. In Longwy, machines were found for making dum dum cartridges."

GERMAN SPY CAUGHT WEARING UNIFORM OF A BELGIAN OFFICER

Paris, Sept. 1.—Three German spies were brought from Beauvois, south of Amiens, last night by a squad of French troops. They were arrested in the French lines, and one of them wore the uniform of a Belgian officer. Arriving at the north station the soldiers had difficulty in protecting them from a mob when it became known they were spies. They were finally conducted safely to prison.

AMERICAN AMBASSADOR WILL REMAIN IN PARIS IF CITY IS INVESTED

Paris, Sept. 1.—In a reply to a question whether the United States embassy would leave Paris in the event of the investment of the city by the Germans, Myron T. Herrick, the American ambassador said: "The American embassy will remain here. My government offered me the choice of returning to the United States or remaining here. I chose to remain because many Americans will be here who will need not only my support but my protection."

Connaught at Halifax

Halifax, Sept. 1.—His Royal Highness the Duke of Connaught, arrived here today by special train last night. Today he will inspect all the troops, the fortifications, the British cruiser Essex and the Canadian cruiser Niobe. He was met at the station by the heads of the military and naval forces.

Excursion Steamer on Fire.

Chicago, Ills., Sept. 1.—The City of Chicago, an excursion steamer, caught fire a mile off this city early today and sank. Excursion boats went to the rescue of the crew. It is impossible to state whether all are saved or not.

Lesson in Scientific Complexion Renewing

Everyone has a beautiful skin underneath the one exposed to view. Bear that in mind and it will be easier to understand the correct principle in acquiring a lovely complexion. Nature is constantly shedding her top skin in flaky particles like dandruff, only much smaller in size. In abnormal conditions, or in advancing age, these particles are not shed as rapidly as in the most youth. The longer they remain the more soiled or faded they become—that's the immediate cause of a "bad complexion."

It has been discovered that ordinary powdered wax, to be had at any drug store, will absorb these worn-out particles, this absorption, while hastening Nature's work, does so gradually enough to cause no inconvenience. In a week or two the transformation is complete. The fresh, beautified, youthful underskin is then plainly in evidence. You who are not satisfied with your complexions should get an ounce of mercolized wax and try this treatment. Use the wax nightly, like cold cream, washing it off mornings.

QUAKERS STILL HOLD LEAD IN FLAG RACE

Millers Succeeded in Taking Only One Game From Saskatoon.

Saskatoon, Sept. 1.—The Quakers and Robin Hoods broke even in a double header which started the crucial series in the pennant race. The Millers took the afternoon game 8 to 5, but lost the evening fixture 5 to 2. Northrup had the first game on ice, 5 to 0, until the sixth, when he weakened and allowed two runs to score. He followed in the eighth by allowing five hits for six runs. Kurfess was wild at the start and the locals got five runs in the first four innings.

The evening game saw Russell and Harrah at work and the local portsider had the better of the argument. The locals started off as in the first game and got five runs in the first three frames, which turned out to be enough to enable them to win.

EDMONTON LOSERS IN LISTLESS GAME

Martin is Given Good Backing by Hatters in Errorless Contest.

Medicine Hat, Sept. 1.—Medicine Hat defeated Edmonton 7 to 0 tonight in a listless five-inning game, played between showers. Neither side had any errors and that is about the best that can be said about the game, although the locals made hits when they counted and Martin, for the Hatters, got excellent support as well as pitching a good game. The field was very slippery and not conducive of good baseball.

REGINA RED SOX BREAK EVEN

Lowly Bronks Break Even in Double Leader With Red Sox.

Regina, Sept. 1.—The best the Red Sox could do yesterday was to break even with the Calgary tail-enders and, as a result, their pennant hopes have been given quite a shock. Regina had the evening game practically cinched up till the sixth, when McQuarrie blew and with the bases filled was replaced by Kennedy. The latter was found for a single and issued two passes, forcing a run over the plate. He was in turn yanked and Brown was sent to the rescue. Four runs were piled off the relief pitchers, which were enough to give Calgary the game. Botteroff pitched winning ball in the afternoon for the Sox, and they won easily.

BEN BEY

MAN—did you ever try to describe a good smoke in words? You can't do it. Aroma, fragrance, bouquet—the best words only hint at the real thing. I can't tell you how much you'll enjoy a Ben Bey—any more than you can say how much after you've smoked one.

This, though, is a straight tip—you'll find more real smoke-happiness in a Ben Bey cigar—at ten cents apiece—than you'll get out of most cigars that cost double the price. And you won't find bitterness or rankness, or injury to your nerves.

Ten Cents—3 for 25c. Everywhere

Says Ben Bey:—"Many a glad hand has a strong arm hitched to it"

CHURCHILL TELLS VON TERPITS SON IS SAVED

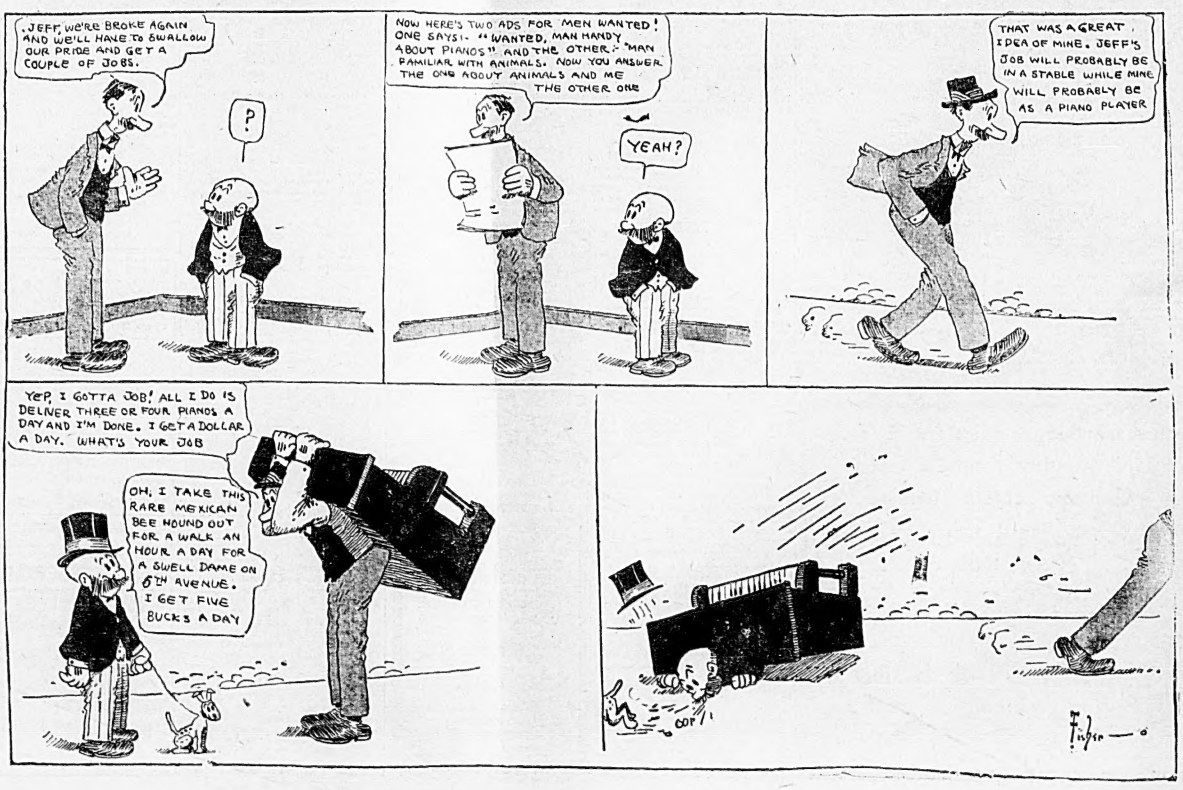

Washington, Sept. 1.—Right Hon. Winston Spencer Churchill, first lord of the admiralty, through the American embassy at London, today requested the state department to transmit the following message to Grand Admiral Von Tirpitz, of the German navy, through the American ambassador in Berlin:

"Your son has been saved and not been wounded."

Atlantic Well Guarded

Boston, Mass., Sept. 1.—The Cunard liner Franconia, her funnels painted a battleship grey, and her portholes blanketed, got into Boston harbor in a heavy fog at noon Sunday after a ten day trip from Liverpool. She brought 1,775 passengers, one of the largest lists ever brought into the port of Boston. Seven warships, five English and two French, halted the liner on the way across.
